GOALS

To get a quicky meal

To be able to get a meal during lae hours of the day

QUOTE

"Beauty gets the attention, personality gets the heart"

DESCRIPTION

Bathandwa is a police officer that stays alone, always knocks off late, and does not like cooking as his job is very tiring. He is also a very active community member overseeing an outreach program. He eats out a lot to save his time and energy. He loves township culture, more especially their food.

He wants a place where he can quickly grab a meal right after work without having to cook the food himself. He is looking for a fast food place that would still be open after 7 pm and sells food that tastes nice. Since he would be from work, he would prefer to not wait for long for his food.
